

Rom Valley Glass & Glazing

Glass & Glazing | Spring & Summer 2023

Rom Valley Glass & Glazing brings 30 years' experience to your living space. When it's time for proper glass installations tailored and fitted for your home, no one works with the same seasoned and meticulous craftsmanship.

We are a family-run company with father and son directors, and we've been in the glass industry for over 30 years. In that time, Rom Valley Glass & Glazing has become one of the strongest players amongst UK glass and glazing companies. We've remained on-trend and kept up to date with machines, products, and industry innovations related to home construction, glass installation, and interior design — always adhering to the guidelines set for by the Glass and Glazing Federation.

Rom Valley Glass & Glazing prides itself on exceptional customer service. We bring customers knowledgeable staff and highly skilled installers while treating every installation as our own. Friendly, reliable, and professional. We offer a vast selection of hardware options, premium products, and bespoke furnishings at some of the most competitive prices on the market. Treating every installation as our own. Friendly, reliable, professional — and offering a vast selection of hardware options, premium products, and bespoke furnishings at some of the most competitive prices on the market.

We invite you to visit our showroom or contact us for an initial consultation or survey. We'll provide a detailed quotation and, when you're ready to move forward, we'll draw up a contract, book an installation, and complete the work with full FENSA certification and our 7-year guarantee.

Get in touch to discuss your current glass or window project. We've made window installation and door installation second nature. Serving properties in the Essex and London areas, Rom Valley Glass & Glazing strives for incisive attention to detail and peak customer service at every turn. We look forward to exceeding expectations as the best window company you've ever worked with.

A handwritten signature in blue ink that reads "Jack Morgan". The signature is written in a cursive, flowing style.

Rom Valley Glass & Glazing brings 30 years' experience to your living space. When it's time for proper glass installations tailored and fitted for your home, no one works with the same seasoned and meticulous craftsmanship.

Jeniffer Hopkins, Hutton

"I had used Rom Valley Glass for my bifold doors and windows and due to their service being exemplary I also purchased a front door through them. The service provided by Jack and the team is nothing short of fantastic, keeping me in the picture in terms of delivery dates and the process of installation. I have and would not hesitate to recommend them to anyone yet again."

”

“Fantastic experience with Rom Valley glass; all the way from the original site survey and ending in the fantastic finished article of the installation. We had bi-fold doors, sky lantern and rear garage door supplied by the team following the amazing experience we had in our previous home with Rom Valley. The finished article completely transformed the space and has left a clinical finish.”

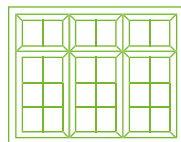

Sue Ryder , Upminster

ROM VALLEY
GLASS & GLAZING

Envision the possibilities. Rom Valley Glass brings our customers an extensive offering of the most top-of-the-line glass installation products on the market.

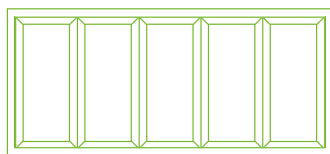

We offer virtually every style and variety — and then customize the materials to your home's singular dimensions and your own tastes and preferences. The abundance of choices guarantees you'll find just the right option for your individual install. Our experience and comprehensive catalogue meet the needs of any windows, door, or interior decor. View Rom Valley Glass's full range of products to learn what we can create.

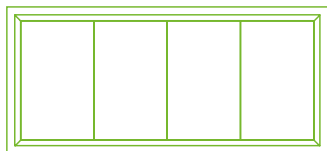

Window Systems

As well as manufacturing our own window systems, we work with leading suppliers to offer an extensive selection to complement all homes. From low maintenance UPVC windows to aluminium and premium hardwood windows, browse our selection below, or call us to discuss your latest project.

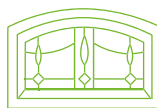

Bi-Folding Doors

Bifolding doors are made from a series of panels which slide open and fold up against the wall, concertina style. Bifold doors can be installed inside or outside your home, as a gateway to your garden or conservatory, or even as a way to split a larger room without losing out on that sense of space.

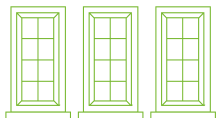

Sliding Doors

As well as manufacturing our own sliding doors, we work with leading suppliers to offer an extensive selection to complement all homes and commercial properties, both contemporary and traditional. Browse our selection below, or call us to discuss your latest project.

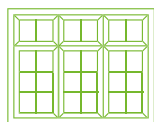

Entrance Doors

Set the standard for your home with a high quality, stylish front door with kerb appeal. Choose from an expansive selection of doors in a variety of classic, contemporary and statement colours. As well as manufacturing our own doors, we work with a carefully selected range of esteemed suppliers.

Commercial

Thanks to our high-end factory we're able to manufacture and install our own glass designs, allowing us to have full control over the quality of your commercial project from start to finish. We offer virtually every style and variety, with bespoke glass design tailored to your business premises. We're able

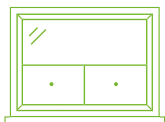

Glass & Glazing

We're proud to be one of the strongest players on the UK glass and glazing scene. Our highly skilled experts regularly take on complex contracts, providing bespoke glass and glazing solutions for both residential and commercial projects in Essex, London and beyond.

Rooflights & Lanterns

Skylights are flat and better for pitched roofs. They offer a functional advantage in that they can be fully open to circulate air in a poorly vented room — or simply to invite a pleasant outdoor breeze and connect you with life beyond the walls of your home.

Mirrors & Splashbacks

Because our mirrors can be made in any size, shape or style, the creative possibilities are endless. Contact us to see how we can create a beautifully dramatic effect in your home with reflective splashbacks or integrated mirrors.

"We had our bifolds and windows installed by Rom Valley Glass and Glazing. We were very impressed with the two guys that installed the bi folds and windows they were very precise and perfectionists. The customer service was brilliant, Sophie who managed the process from start to finish was really thorough and even came out on the day they were fitted to oversee it and check we were happy. Would highly recommend this company!"

It all starts here...

Whatever stage you're at – from researching a potential extension in your home, instructing specialists or planning an ambitious commercial project – we'd be delighted to talk you through what we can do for you, and welcome you to our Essex showroom. We're here to make your project seamless and straightforward – and no job's too big or small.

This Nelmes Way property is a genuine showcase of luxury and style. We installed premium Smart Alitherm 300 windows with a sleek steel look and a classic Georgian cross design.

In addition, we opted for Smart Visifold 1000 corner bi-folding doors to create an open and spacious living area — perfect for relaxation and entertainment. All products were expertly manufactured and fabricated in-house and made in an elegant ral 9005 matte black, contrasting well with the property's face brick walls. This was a larger project for Rom Valley, nevertheless, the entire process from design to installation took place within 8 weeks.

"Thank you Rom Valley Glass. We love our new Smart Black Windows & bi-folds. James guided us through, gave us lots of advice & a competitive price. Our son had previously used them so we knew their quality & install was excellent through from James to Rich the surveyor to Colin & Ben that did a wonderful job on the install under challenging conditions in the scorching July heat. I'd have no hesitation recommending them highly."

Over 30 Years of Installation Experience

You scarcely want to entrust your home installations to people without the know-how to do the job right. Many glass installers are fluent with the basic window choices of standardized suburban homes, but ill-equipped to take on more complex or specialized projects. Rom Valley Glass has been in the business for a vast span of years. We're acquainted with the demands of every variety of installation and train our staff to achieve a benchmark level of experience and competence.

Meet the Rom Valley Glass staff and installation team.

Each of us counts home architecture and glass design as a life's passion. We've honed the craft of creating and installing the most beautiful and functional glass features in some of the most prestigious homes in the UK. Whatever the product and project you decide to undertake, you'll have the full support of a vetted team of professionals.

"Had a great service from Rom Valley from start to finish. Sophie was incredibly helpful and patient with us both when we visited the show room and via email. We are incredibly happy with our bifold doors with the astragal bars and our front door. Would 100% recommend and use again if we needed."

"First class service from Jack and James. Highly recommend Rom Valley. Fantastic communication from ordering to installation. Products are superb quality. Delivery and installation was on time. Priced competitively. I would 100% recommend Rom Valley for and door and window needs."

Our very own factory in Essex is the home of our architecture and glass design.

We've honed our design and manufacturing skills over many years and are proud to create some of the most beautiful and functional glass features which enhance the most prestigious homes in the UK. And because we manufacture our own products, we have complete quality control over your bespoke orders and projects.

"Brilliant service from start to finish. Kept every appointment time promised, fitters were neat, tidy, polite and considerate. Office always available for any queries and questions and responses received quickly. Nothing seemed a problem for them. Will definitely recommend and will be using again for other works required."

An Exhibit of Aluminum Windows and Doors

Nothing sets a home apart like the right glass window and door design.

Looking for that unique trim? That singular overlay? That detailing that resonates with your individual style and makes you distinct from every other home in the area? This is where Rom Valley Glass excels — providing dream components for dream homes.

Located in the picturesque village of Theydon Bois, the Oakbank property is a stunning testament to tradition and modernity.

Our client wanted to make a grand design statement and we brought that vision to life. From Visoglide Plus sliding doors to Eco-side siding, the entire property was completely transformed. A combination of robust double and triple track sliding doors were installed alongside beautiful vertical sliding windows with a Georgian design. This adds a touch of timeless elegance to the home's architectural glazing. The space was further elevated with a bespoke timber entrance door and a modern glazed gable. The Oakbank property is the epitome of what happens when traditional charm meets modern design.

Our TrustPilot reviews will tell you
all you need to know about our
installation service.

Professional, friendly, efficient and experienced, our team
are second to none, treating each installation project as if
it were their own.

"10/10 service. Professional company from sales to installers, I was recommended this company by one of my friends as I was after a new front door. The minute we stepped into the impressive showroom in Hutton we felt welcome and James went above and beyond to help us pick the right door. An overall pleasant experience from initial showroom visit to install. Will definitely be using Rom Valley for future needs."

"Total pro's. Very happy. From the survey, through the measuring and all the way through to installation, everyone I dealt with was professional, helpful and knowledgeable. We knew we were dealing with a professional company and had no concerns over the quality of their work or their product. Would recommend to anyone."

What Makes the Difference?

The right windows and doors will enhance your entire home. By combining the beauty of some of the best products available to UK homeowners with the skill of an accurate, secure, and carefully calibrated install; you receive a polished, w home that's fully to code and fitted to last for many years to come.

It all starts here...

This newly renovated home in Upminster is the epitome of traditional elegance. The period property has been restored while preserving its original character. This includes the latest window systems and glazing for a touch of sophistication. The Smart Architectural steel doors and 9 traditional timber windows are finished in a stylish RAL 9005 matte black. In addition, the Smart Alitherm 300 windows provide guaranteed warmth during colder months and regulated temperature when it gets warmer. The eye-catching large windows flood the space with natural light and offer breathtaking views.
